Printing Your Bid Confirmations

It is very important that you print a confirmation sheet after you are done placing bids, and that you confirm that all of your bids are listed accurately on the sheet.

To print a list of your bids, select “Your Bids for Auction Ending…” from the “Bidding” menu. You must be logged in to see this menu option.

This screen will only list the vehicles on which you have placed a bid. It will show the bid amount, as well as the confirmation number you received when you placed the bid.

Use the print button in your web browser (i.e. Internet Explorer button) to print this page.
Viewing All Results

You can view results for the previous two auctions by selecting either of the “Results for Auction Ending…” links from the “Bidding” menu.

Like the Coming Attractions and Bidlist screens, you can click on the Stock Number to see the Vehicle Details window. You can also click any heading (Row, Stock No, etc.) to sort the Results.

To see the Amounts that vehicles were sold for, you must either be logged in or enter the results access code in the box at the top and click the Unlock button.

After you log in or enter the results access code, you will see an additional column named “Amount”.
In addition to viewing the full list of results, you can use the “Your Results for Auction Ending…” tool to see all of the vehicles you have been awarded for a sale, along with the corresponding buyer and Internet fees.

This screen is very similar to the results screen, but will only show the vehicles awarded to you. Additionally, the report will calculate the buyer fee, delivery fee, and Internet fee. At the bottom of the screen, you will find totals for each column. The value in the bottom-right of the report is the grand total that is due to The Salvage Center for this sale, including all fees.
